

HKALPS is a registered charitable organization under Section 88 of IRO. One of our current projects is to create a user-friendly platform called VESSEL – three sites alongside with the beautiful Kwun Tong Promenade and partially under the shelter of Kwun Tong Bypass. We are managing and operating the semi-outdoor public areas with used cargo containers being assembled into some innovative amenities.

The goal of VESSEL is to build a creative hub, engaging both the older and younger generations, promoting individual discovery and social inclusion from local neighbourhood to cross-sector communities by means of arts, culture, green living and community engagement. It is also our objective to provide our working team members with an exciting environment to develop a challenging yet rewarding career. We anticipate passionate and energetic community work lovers to join our team. This is indeed a social mission rather than a typical career job. We are inviting individuals who are having similar passion as ours to join. To cope with our on-going development, we are now inviting applications for the following position:

### **BOOKING OFFICER 場地租用主任**
